

## Rolling Hills Reservoir Campground - Site map

## About the Campground

Rolling Hills Reservoir Campground opened in the spring of 2004. The campground is owned and operated by the Eastern Irrigation District.

The campground features 66 campsites, a marina and boat launch, day use facilities, as well as a new shower, laundry, washroom facility. Several of the campsites are available for rental on a seasonal lease basis. Two group camping areas are on the south end and may be reserved up to one year in advance.

Come and enjoy the sun, sand and swimming available to everyone. Bring your boat to enjoy the large lake area for boating and waterskiing. If you enjoy fishing, the lake is an excellent place for that as well.

For more information about the campground, please call the Eastern Irrigation District office. (403-362-1400)

## Access

The campground opens in May and closes after the September long weekend.

For security reasons, the Main gate is locked nightly at 11:00 pm. A one-way gate allows people to leave the campground after 11:00 pm.

We hope you enjoy your stay at the Rolling Hills Reservoir Campground.
